Alvin High School

1964

With respect and admiration . . .

This is the time of our lives! A time in which we experience the difficulties and hazards of growing up. A time in which we begin to witness the sadness, the joy, the success, and the failure in life. A time which will be most memorable in our old age; a time in which to love, to learn, to laugh, to cry. A time to be guided, a time to follow, a time to profit by the wisdom and concern of parents, teachers, and friends.

The 1964 YELLOWJACKET would like to dedicate this yearbook to MR. C. B. ROLAND, a person genuinely interested in our activities and our lives.

This yearbook is dedicated to Mr. Roland.

Mr. Roland is seen at the head of the stairs on the mornings he stands hall duty.

The father of three excellent athletes and the grandfather of two, Coach Roland attends all athletic events.

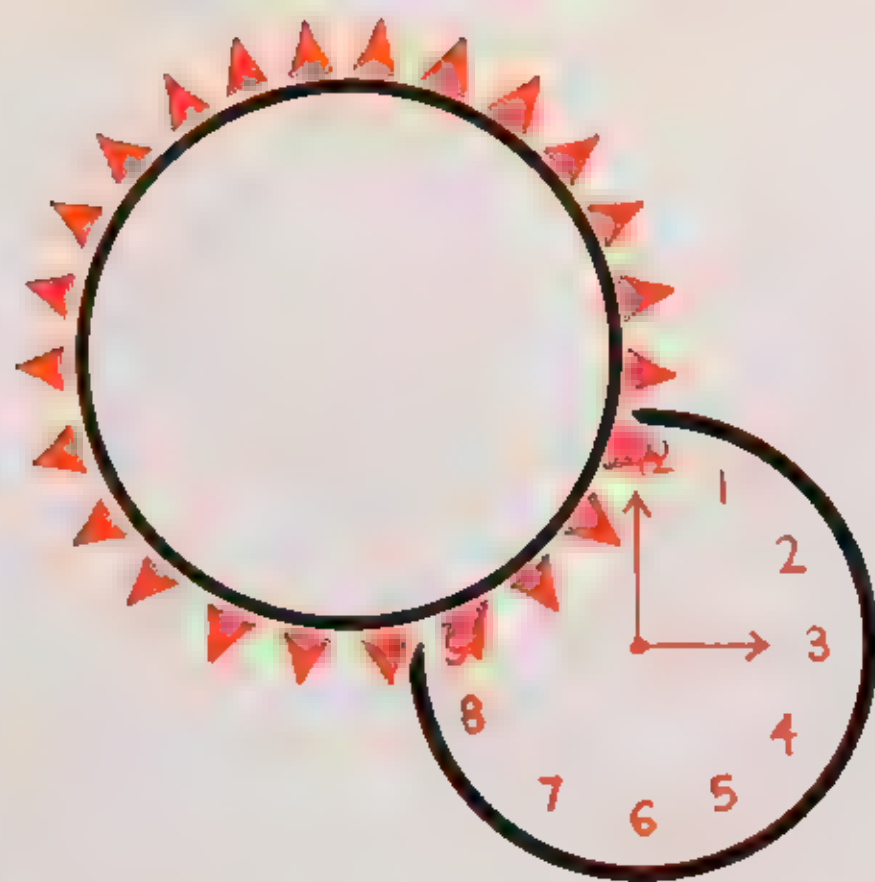

MR. C. B. ROLAND

Having coached football for many years, Mr. Roland is known and liked by both the student body and faculty. Mr. Roland does not only emphasize the importance of athletics, but impresses upon the minds of students the importance of academics. Having taught plane geometry and business math, Mr. Roland is now teaching unified geometry.

Because of the increase in enrollment many pep rallies were held in front of the S.U.B. The spirit and loyalty shown by each individual student helped our athletes to play their best and to display good sportsmanship.

The Time of Our Lives . . .

A time in which every student experiences failure and success, a time in which the sadness, the fear, the joy, the excitement of a moment are far more important than any homework. This time in our lives is the time in which we, as young adults, shall experience the importance of a football or basketball game, of a big dance, and of being accepted by our fellow students.

This is the time of our lives in which we shall make or break ourselves. This is our time—our most important time—the time in which we shall mold our future.

Fun and Relaxation . . .

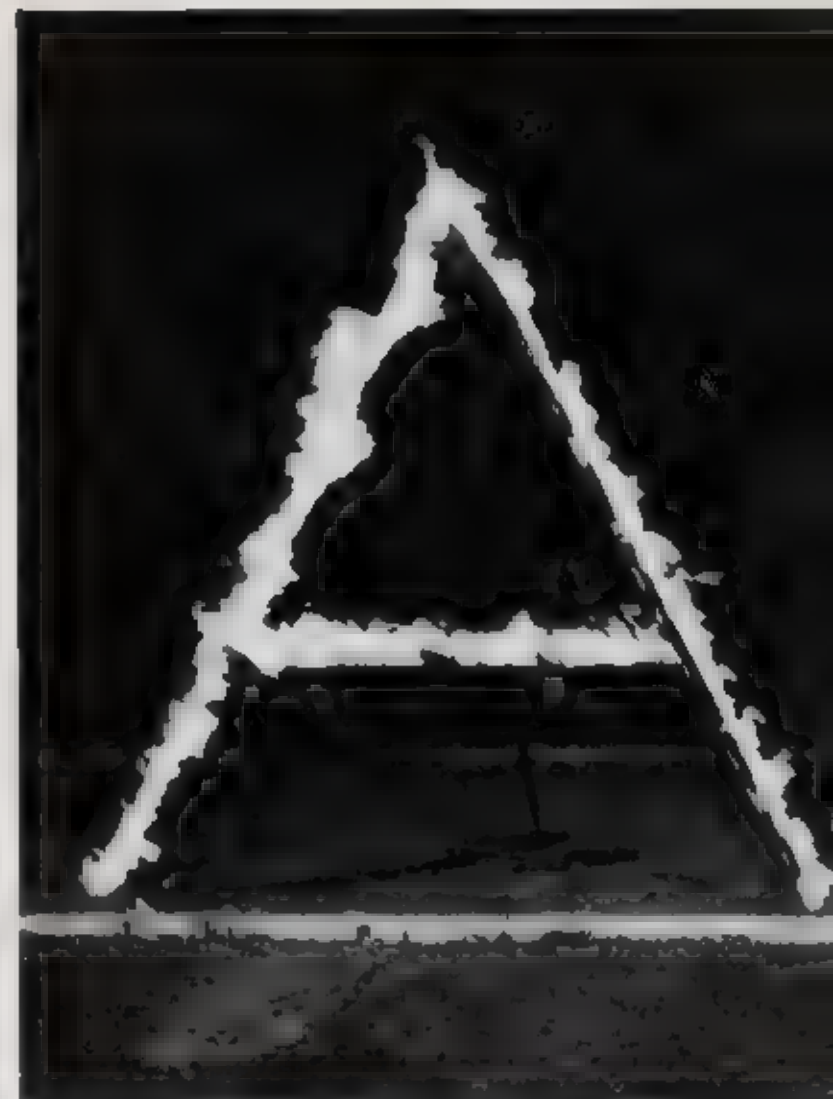

Campus Life

It was school time again. This was the season to start things rolling. Actively participating in the school activities, AHS students entered Alvin High School for the first time as a four-year high school. DR. GEORGE THOMPSON

Under the capable leadership of our Principal, Dr. George Thompson, our school grows in size and prestige each year. He handles his job in a manner which is cheerful, capable, and efficient. The English and Language Departments provide insight into people and life. The teachers of these departments place before us their vast store of knowledge and instill in us a sincere desire to make it our own. This study of the Humanities gives us a better understanding of our associations with Man and Nature, preparing us to meet the future with confidence.

The teachers of the Business Department endeavor to give us a technical knowledge and skill which will be invaluable to us in later life. Under their very able instruction we are taught, not only the basic principles of the courses, but also cooperation and efficiency. Personalities

Miss A.H.S.

BARBARA DEZO

Barbara Dezo's contributions to A.H.S. prove her deserving of this honor given to her by the student body. She served as cheerleader for three years and as a member of the Student Council for two years. She has been further honored by the faculty by being chosen as one of the Ten Outstanding Seniors. She was also the recipient of the DAR Good Citizen Award.

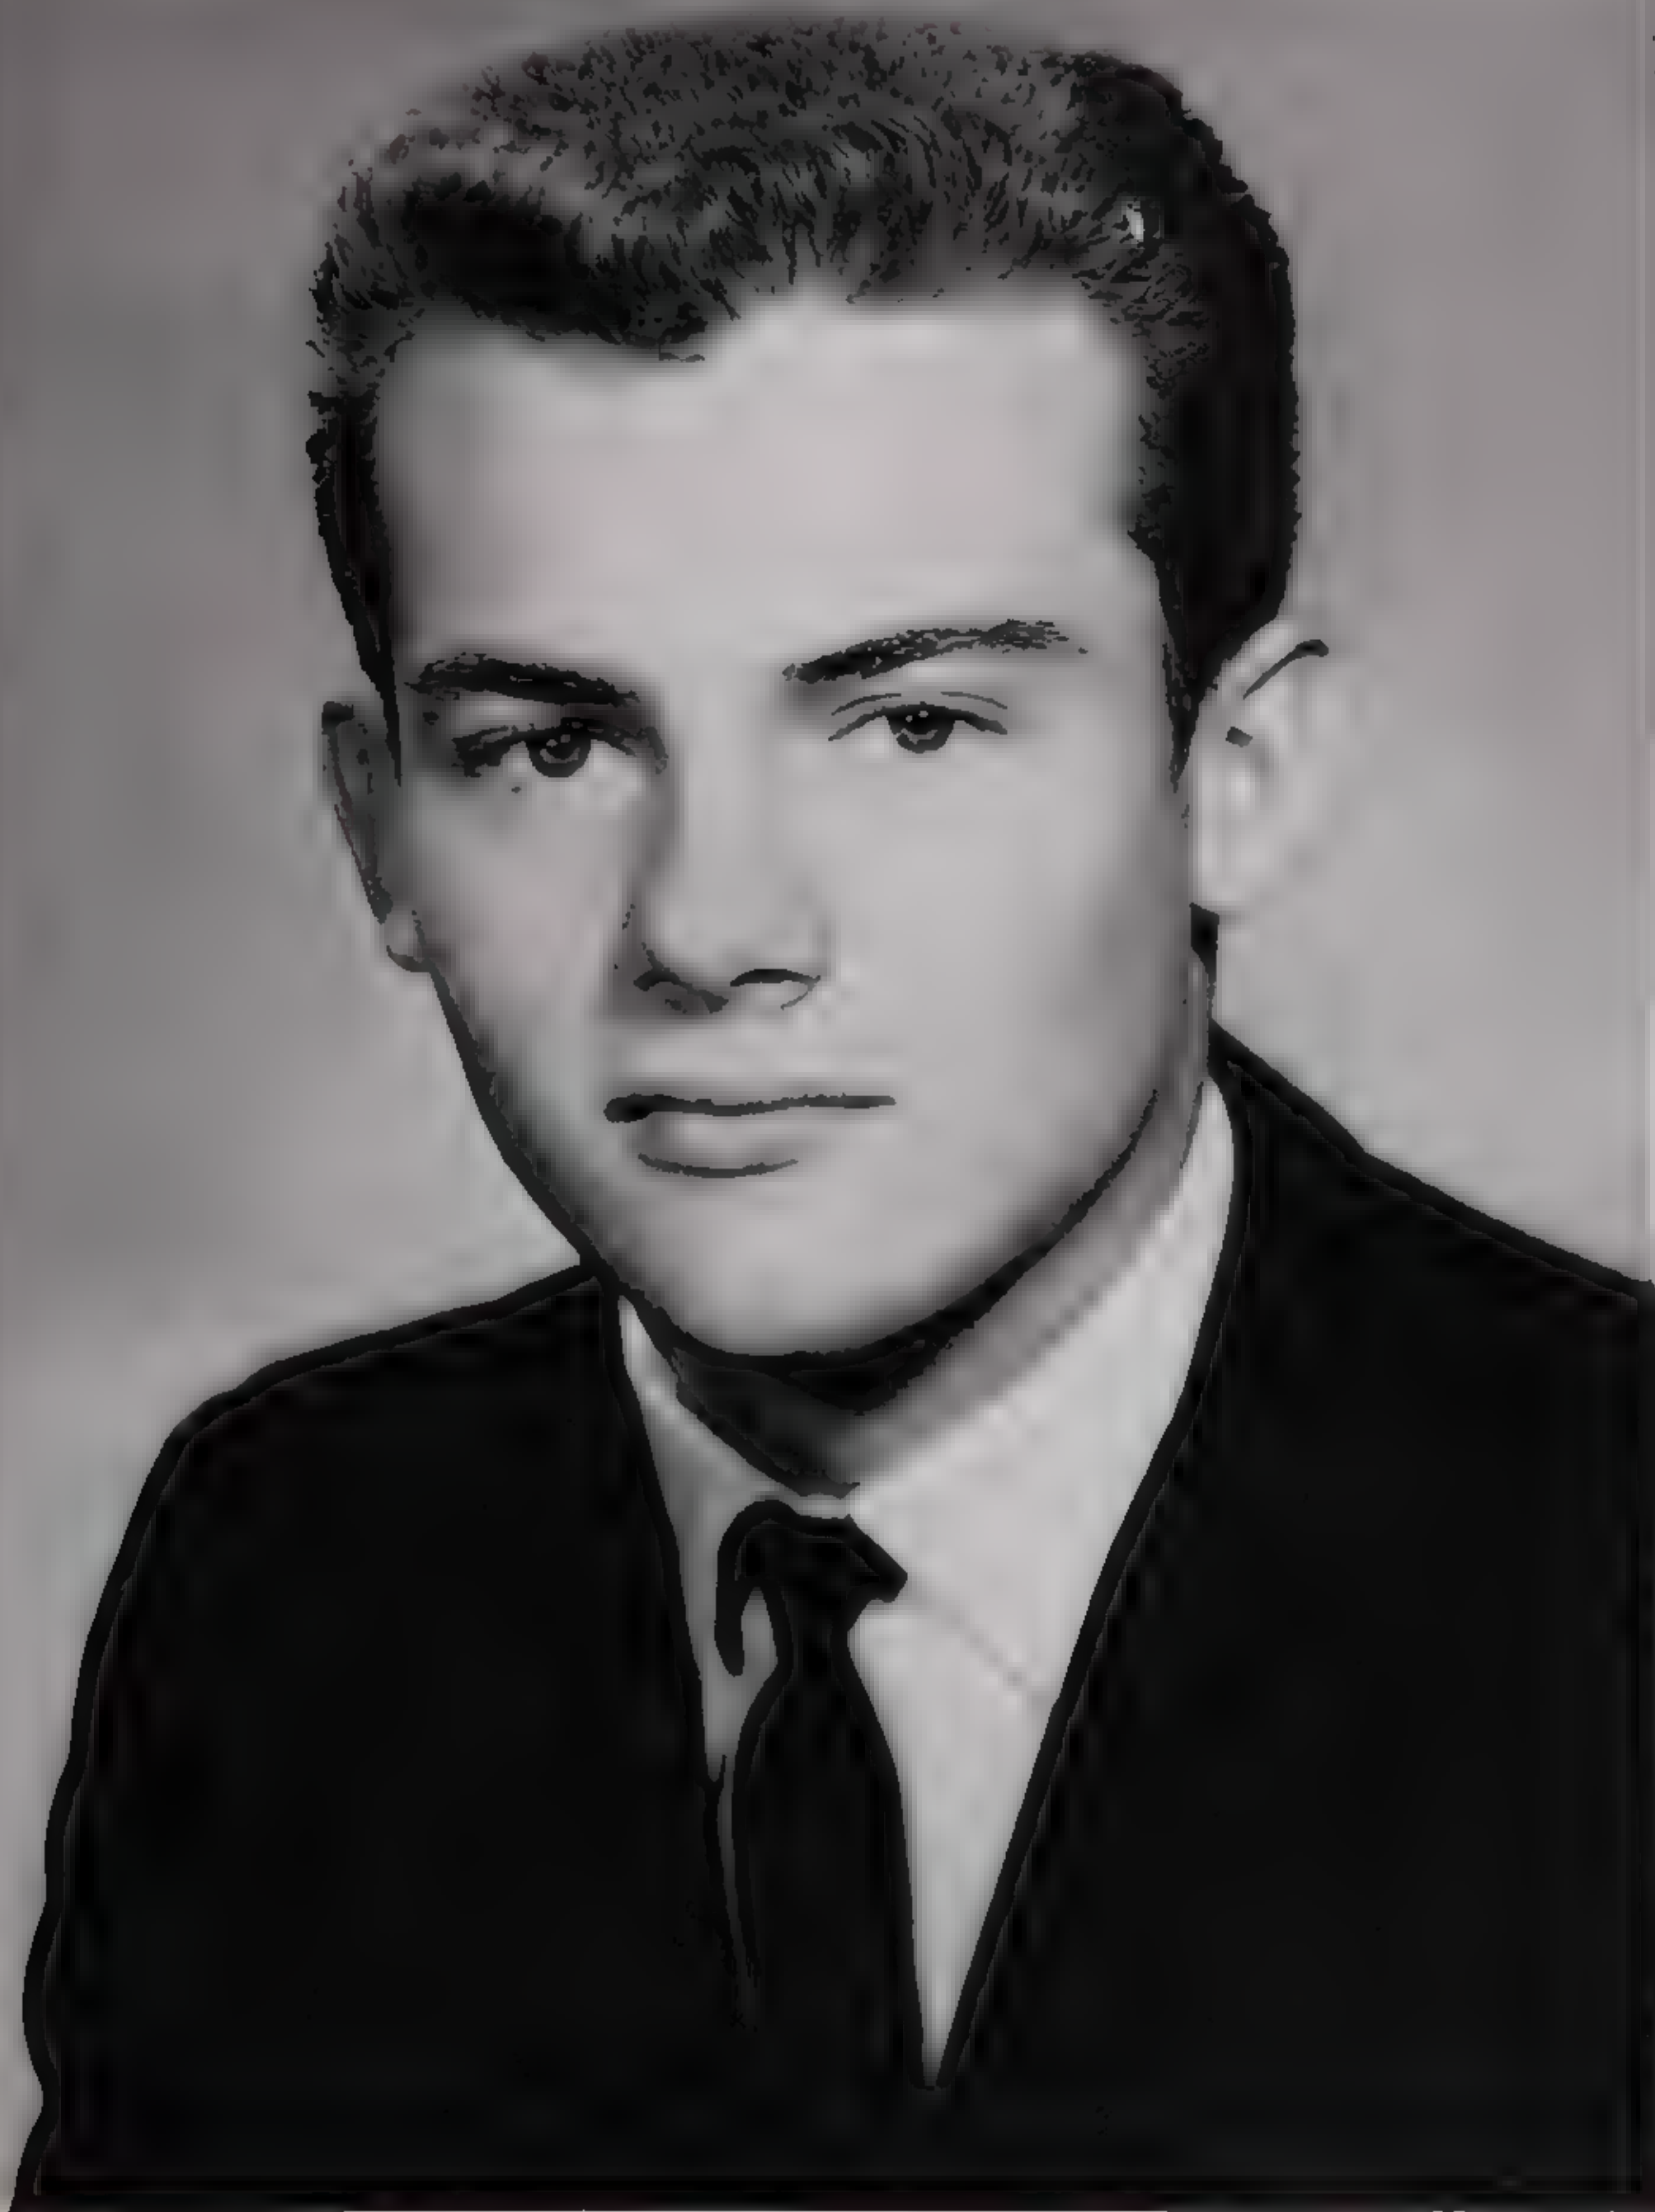

Mr. A.H.S.

TOMMY HOWARD

Tommy Howard represents the versatile student who is able to participate in extracurricular activities as well as maintain high grades. His ability in athletics enabled him to start this year in three sports—football, basketball, and baseball. But his interests are also scholastic, for he is a member of the National Honor Society and was chosen as one of the Ten Outstanding Seniors by the faculty.

Most Handsome

JIMMY McNATT

As smart as he is good-looking, Jimmy McNatt was elected the most handsome boy at AHS. Jimmy is one of the starting five on our basketball team and does a good job of playing tennis. A member of the NHS and Student Council, Jimmy is one of the most active members of his class.

Most Beautiful

MARILYN DOLLAR

Having a beautiful smile and a pretty face, Marilyn Dollar was elected Most Beautiful at AHS. Marilyn has been a member of the band for the past six years and has marched out front as a twirler for one. This year she was drum major. She participated in the United Nations speech contest, UIL ready-writing, and held a leading role in the Senior play.

Mr. Sportsmanship

JERRY WOODARD

Jerry Woodard, a co-captain of the Yellow-jacket football team and a three-year letterman in that sport, has been elected by his fellow students as Mr. Sportsmanship for 1964. His participation in track for two years and his friendliness and cooperation helped him to win this honor.

Miss Sportsmanship

JUDY TANNER

Our Miss Sportsmanship this year is Judy Tanner. We think her title fits her very nicely because she is the type of person who puts herself into a sporting activity with great enthusiasm. Judy enjoys football, basketball, and volleyball. She was a co-captain of her Powderpuff football team and has been a member of the girl's volleyball team for three years.

Most Popular Senior Girl

SHARON KENDRICK

Sharon Kendrick personifies popularity and was rightly given the title of the Most Popular Senior Girl. Sharon is always coming up with something witty that makes people enjoy being around her.

Most Popular Senior Boy

JAMES HENSLEY

"Gleason," as he is known, is a fun-loving boy who doesn't let anything bother him. James has the personality that caused the seniors to elect him the Most Popular Senior Boy.

Most Beautiful Senior Girl

JEAN RYAN

This beautiful senior girl has the type of beauty that everyone appreciates. Jean is always willing to do her part in any activity which may arise. It is easy to see why the Seniors elected her the Most Beautiful Girl in their class.

Most Handsome Senior Boy

GREG MOORE

Greg's boyish grin and good looks helped him earn the title of Most Handsome Senior Boy. His even disposition and his well-rounded personality are noticed by all he meets. Throughout his years in high school, he has been active in sports and other outside activities.

Senior Girl Most Likely to Succeed

PAM KNIGHT

Success is the key word in Pam Knight's future. Proving herself to be a leader in everything she has undertaken, Pam has been elected President of the Student Council, Parliamentarian of the Senior class, and President of the Student Assembly. By meeting qualifications of leadership, service, character, and scholarship, she earned the honor of membership in the National Honor Society.

Senior Boy Most Likely to Succeed

Joe Godwin, valedictorian of AHS for 1963-64, is certainly assured of success. Joe sets high goals for himself and strives to achieve them. He is an active participant in basketball, football, and baseball and has won many honors in UIL competition. His determination and scholarly attitude will guide him to success in the future.

Most Representative Senior Girl

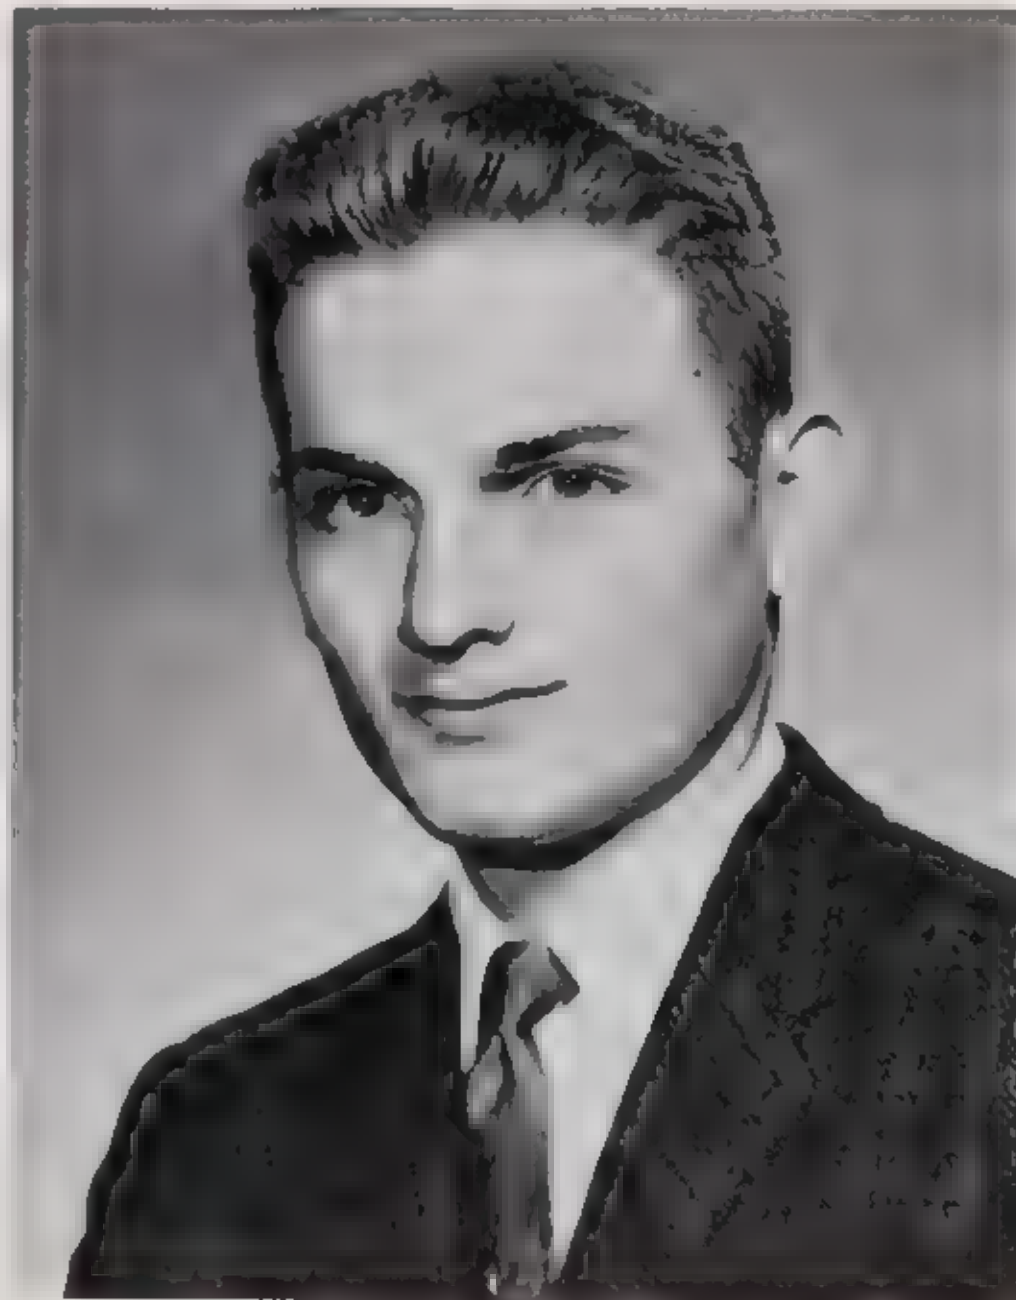

REBECCA BURNS

Representing the Senior class this year is Miss Rebecca Burns. Becky, as she is called, deserves the honor of Most Representative Senior Girl because of her active participation in the National Honor Society, Quill and Scroll Society, and the Student Council. She has also been elected as one of the Ten Outstanding Seniors and is Co-editor of the YELLOWJACKET.

Most Representative Senior Boy

JOHN CASEY

The Most Representative Boy in the Senior class describes John Casey perfectly. IN A DOLL'S THIMBLE

The United States chemical industry is a dynamic and vital industrial force.

The reason is that our clothing, our food and shelter, our transportation, newspapers, recreation equipment, national defense, and even our health depend to a large degree on the applications of industrial chemistry. The ladies depend on chemistry for the delicate scent of fine perfumes and the sheer, shimmering nylons they love so well. The popular push-button shaving bombs and the refrigerators we like to raid were made possible by special gasses developed in chemical laboratories.

Chemical fuels put the zip in our space vehicles. The diseases of childhood have been all but wiped out by drugs and pharmaceuticals first tailored in a test tube. Whole new industries and thousands of jobs — in the frozen food and photographic fields, for example — have been created as a result of chemistry.

There is nothing really mysterious about chemistry. It actually is one of man's more basic endeavors, for chemistry simply is that science through which we change or modify the basic structure of matter from one form into another.

To separate ourselves from chemistry in its innumerable manifestations, we would have to separate ourselves from the air and seas around us — from the world itself. The trees, the stones, the grass, the rain, and our own bodies are all part of this world of chemistry. These infinite patterns of such delicate balance are composed of only 102 known chemical elements. We could hold a molecular sample of each of these elements in a doll's thimble.

In doing so, we would hold the key to the nature of our world. We are using that key to unlock secrets of such scope that only the most imaginative and trained minds can begin to perceive their magnitude.

The Time of Our Lives . . .

Seniors Experience the Joy and Importance of Graduation

Graduation is an important time in the lives of all Seniors. It is a time in which every student experiences the happiness and the importance of the occasion. Having completed twelve years of study, each Senior is prepared to enter the adult world. Through the last twelve years each student has witnessed both failure and success. With each failure and success each Senior experiences a little more of life. The adult world holds both success and failure as it does happiness and sadness. Graduation is truly an important and happy time for all Seniors.
